SUMMARY

Experienced business development, sales and marketing associate based in New York with hands-on expertise in market research, analysis and evaluating growth strategies. Adept at networking with decision makers, conducting business introductions, and growing a customer base. Excellent communications and presentation skills with proficiency in CRM and MS Office. Recognised for consistent performance and achieving targets.

EXPERIENCE

Business Development Director

Restore Tech Innovations

2014 - 2018 New York

- Increased sales by 15% between 2019 and 2020 following a targeted activation campaign and a real-time analysis of post-purchase client behavior
- Using a CRM archived data, tracked down old prospects and gained $2M in new business over six months
- Developed strategic partnerships with the supply chain of 3 top local retail companies
- First-year sales of $8 million doubled in the next year as a direct result of demonstrating the value of the new DataOps platform, as opposed to the competitor's project to rebuild

Business Development Associate

Blanchette

2012 - 2014 New York

- Identify and connect with senior management at Corporate Houses with respect to expansion, relocation or consolidation of their real estate portfolio for smooth transition of their leasing transaction
- Prepared detailed presentations and dashboards with market analysis; financial projections; compiled demographics, and competition data using MS Office
- Client Relationship Management: Establishing and maintaining long-lasting relationships with corporate clients for future expansion relocation plans, lease renewals, and other supporting real-estate requirements
- Created and managed a database of corporate liens in the city, and creating effective meeting agendas to capture appropriate clients' information, needs and concerns
- Produced high quality lads for large accounts managed by senior executives; 55% of all leads resulted in closed transactions

Relationship Manager

Lessard

2011 - 2012 New York

- Managed a portfolio size of $2.5 million for over assigned 300+ high net worth clients; providing them full range of banking and investment services
- Analysed clients financial situations and solved financial needs by customising comprehensive investment and personalised retirement plans
- Cross-sold loans worth $750,000, investments, increased the deposit base by 20% quarterly and achieved 140% of the sales target
- Efficiently used CRM software for effective customer engagement and tracking sales leads
- Rewarded as the 'Rising star of the Quarter by the Zonal head for consistent performance and new business acquisition
